... BLOOD ...

AN equal and normal circulation of the blood is health. An abnormal that is to say, an excessive or deficient circulation or stagnation of the blood is disease. To illustrate—torpidity of the Liver is caused by stagnation of the blood in that organ. Diseases of the Kidney. Inflammation of the Lungs. Diseases of the Heart, &c by the same cause, viz Improper Circulation and from the same cause spring all minor forms of disease. To discover a certain cure then for these diseases, the first great enquiry necessarily is, What causes the blood to circulate?

For centuries it has been a matter of much study among scientific and medical men and while many experiments have been made and much labor expended upon the enquiry it has been left to this century among its other wonderful increase in knowledge to make this grand discovery also.

Acknowledging that life is the gift of the Creator and that in Him we live and move and have our being, we still venture the remark that as the planets move in their spheres and all vegetable life is governed by certain absolute laws so animal life is traceable to a fixed cause which remove or destroy and death the certain effect follows.

Analysis of the red corpuscles of the blood show them to be compounds of iron, sulphur and phosphorus.

The air we breathe we know to contain a very large proportion of oxygen.

Oxygen brought in contact with a metal evolves or emits electricity.

Electricity brought in contact with a muscular fiber causes it to contract.

These facts being indisputable we have now the solution as to the motive or motive power of the heart. The oxygen in the air we breathe coming in contact with the red corpuscles of the blood emits electricity which coming in contact with the heart causes it to contract, and hence the power which expels the blood and sends it tingling through the remotest arteries. What then are the causes of Consumption Dropsy, Palsy, Paralysis, St Vitus' Dance Dyspepsia, Epilepsy Fever and Ague, &c a deficiency of the red corpuscles containing the iron sulphur and phosphorus which causes a deficiency of electricity and consequently an abnormal circulation. The blood becomes watery, colds and bronchial complaints and prostration ensue—the sufferer becomes nervous and subject to rheumatic pains and neuralgia—complaints of the liver and kidneys set in in short, almost every type of disease but virulent fevers may be traced to this deficiency in the blood of the corpuscles or red globules.

Old age causes a deficiency of corpuscles and while we do not pretend to say that we have discovered the "elixir vitæ" we do say that life can be materially prolonged by the use of the

"Blood Food,"

which restores the red globules, and thus the normal circulation. Consumptives friends of consumptives sufferers from any organic disease!! Unfortunates, who have by excess of the body or mind reduced the standard of the blood and diminished the red globules. Ladies suffering any of the distresses known as female complaints, be persuaded the "Blood Food" can cure you. It has cured thousands of desperate cases where all hope has been given up. Do not reject it, do not throw away your only hope. The "Blood Food" is an unfailing remedy, give it a trial.

An elaborate treatise carrying out and fully proving the theory advanced here to be correct will be mailed to any interested party on the receipt of two 3 cent stamps. Blood Food is sold by all druggists or where it cannot be had I will send 6 bottles, free of expense for $1. Price single bottle $... It is put up in 8 oz vials in yellow wrappers—the old kind in small bottles in red wrappers having been done away with—and bears the fac simile signature of Church & Dupont upon the face of the wrapper. Beware of counterfeits and imitations.

MESSRS W E HAGAN & CO
I hereby certify that my Hair having become gray and my head partially bald I bought from Henry Reynolds Druggist one four bottle of HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. By its use my Hair was restored to its original color and thickness, it removed all dandruff arrested its falling and gave it a rich glossy appearance. Its effects were entirely different from any Hair Preparation I ever used before. I know of several ladies and gentlemen my intimate friends who all speak of the Inimitable as being the best and cheapest Hair Preparation in our market. I can fully recommend it and will refer any one to Henry Reynolds, Druggist, for the truth of my statements.

Messrs W E HAGAN & CO TROY N Y —Gents The happy results attending the use of Heimstreet's INIMITABLE (in every sense of the word) Hair Restorative seems to demand that I should give my testimony that others ladies might profit by it. I have never used a hair preparation that I liked so well. It has completely restored every hair that was grey to the color it was in girlhood and has brought it out thick and healthy. I was induced to use the article by Mr Reynolds your Agent here. This letter will be of service you may publish it.

THE
ONLY PREPARATION
THAT HAS
Stood the Test of Years,
And grows more and more popular every day!

AND testimonials new and almost without number, might be given from ladies and gentlemen in all grades of society whose united testimony none could resist, that Prof Wood's Hair Restorative will restore the bald and gray and preserve the hair of the youth to old age in all its youthful beauty.

BATTLE CREEK Mich Dec 21, 1858
Prof Wood —Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago caused by a complicated chronic disease attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps nor ther have I been able to do them up in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle and receive to thyself the scripture declaration— the reward is to those that are kind to the widow and the fatherless.
Thy friend SUSANNAH KIRBY

LIGONIER Noble Co Indiana, Feb 5 1859
Prof O J Wood—Dear Sir: In the latter part of the year 1852, while attending the State and National Law School of the State of New York my hair from a cause unknown to me, commenced falling off very rapidly, so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until fortunately in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars worth of your Restorative and as a result have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.
Very respectfully yours, A. M. LATTA,
Attorney and Counsellor at Law

The Restorative is put up in bottles of three sizes, viz large medium, and small. The small holds 1/2 a pint, and retails for one dollar per bottle, the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart. 40 per cent. more in proportion, and retails for three dollars per bottle.

Greatest Improvement of the Age.
The Good Samaritan!
VENTILATED OVEN,
COOKING STOVE!

We are sole AGENTS for BANGOR and vicinity for the celebrated Cooking Stove
GOOD SAMARITAN.

THIS STOVE was patented by Messrs. Rathbone & Co., of Albany July 19, 1859 and although but little more than a year has expired since it was first operated its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public. We claim for the Good Samaritan that its economy of fuel, its simplicity of arrangement and real practical utility of the conveniences which surround it have placed it far in advance of any stove yet offered to the world. We will name a few of the advantages which it possesses over any other stove as well as some of the conveniences which attend it.

1. It has greater weight of castings, the bare stove weighing from 100 to 450 pounds.

2. Greater capacity for baking. It has a very large Oven, and also conveniences for baking on the top of the stove. It has also a large front roaster for baking bread, pies &c or roasting meat and this without danger of contamination, with the same taste, the finest delicacies being baked in the oven of the stove an advantage which no other stove using the roaster possesses.

3. Its perfect control of heat. The Good Samaritan has a treble draught arrangement, which enables the operator to use as little or great a fire as he chooses. The advantage which this arrangement gives over any other economist of fuel is, that while a fire may be started in the cold stove in from one third to one half less time the operator can after his fire is once started, lessen the draught as much as he pleases even to closing it entirely—thus giving him perfect control of the heat.

4. It has a soap stone fire back which will never burn out and consequently will not need replacing. Soap stone is used very extensively as a lining to coal stoves as it is well established that nothing else will stand the effect of intense heat for so great a length of time.

5. Its accommodations for broiling are perfect and unequalled. It has a splendid arrangement for broiling on the hearth giving a perfect draught, through, under and around the gridiron into the flues of the stove keeping the coals alive and carrying off all smoke and gases arising from the food — It will also broil very nicely upon the top without the smoke entering the room. This is accomplished by closing the draught, and can only be effected by a perfectly air tight stove.

6. Its arrangement for the ventilation of the oven can be excelled. It is effected by holes in the front door of the stove through which the fresh air passes striking against the front plate of the ... (thus becoming heated before entering ... over) then through the ventilating damper into the ... of the stove where it forces all gases arising from the food which will naturally rise to the top over the front oven plate behind the fire back into the fire-chamber where they are consumed (thus ... fuel for combustion) and also to the perfect ... stove.

7. The Good Samaritan has, in a single year proved itself to be the most economical as well as the most efficient stove in the world. The great advantage it possesses of being able to do a greater variety of cooking at once with greater rapidity of operation and to be lightly passed over. No one who has ever examined it closely can doubt for an instant but that, with ordinary usage, it must last from 15 to 25 years. They can base this belief on its great weight and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear.

8. That it possesses all the attributes and qualities of a first class stove in the height of perfection is no longer an experiment, but an established fact. That it has no equal we are fully prepared to demonstrate to all impartial persons and solicit all whether wishing to purchase or not to call and see the stove and be convinced of the truth of those statements.

We desire every house-keeper in Penobscot County to call and we think they will be fully repaid by examining the merits of this wonder of the age.

In Peace or War on land or sea,
Our flag, the ægis of the free,
Bright emblem of Columbia's glory!
Shall tell to coming years the story,
How, stout of heart, and strong of hand,
The patriots of our native land
Bore it, the nation's hope and life,
On tented field, 'mid fearful strife,
Still on' 'till through the sulphurous cloud
It broke in triumph Treason's shroud!

Great Union Demonstration.

We have only time to say now, 12 o clock midnight, as the great Union Meeting is breaking up, that the meeting far outstripped all the glorious Union Meetings which have been held in our city, since the war blood was sent coursing through our Northern veins by the dastardly attack upon our glorious flag at Sumter

Suffice it to say in this issue, the deepest feeling and wildest enthusiasm abounded McCrillis presided and opened the meeting with one of his bursts of patriotic eloquence, and the key note was kept up by A G Jewett, J G Dickerson, and A W Johnson Esqs, of Belfast, Peters of our city, and Lewis Barker, Esq, of Stetson who let himself out at his fullest extent, and was remarkably felicitous and pointed throughout his impromptu effort, keeping the audience in roaring laughter and applause at his patriotic hits and dashing thrusts

The hall was beautifully decorated with flags and bunting and abounded in the paraphernalia of war Four brass six pounders were on the stage and stacks of arms with bristling bayonets around the [illegible] The Fusiliers and Gratton Guards occupied the platform and Independent Volunteers and Brewer Artillery the front. The Band was out in full numbers, and played finely

We may give some portions of the speeches in our next

The Suppression of Treason at Home—The Designs of Conspirators.

The decisive course adopted by government in the arrest and imprisonment of known traitors has had a salutary effect throughout the North It has taught conspirators who were batching the darkest plots of treason that detection and punishment is almost certain, however secret they may suppose themselves to be in their operations, and it has inspired a confidence in the people which strengthens fearful patriots and fixes the loyalty of wavering minds In our own State the prompt arrest of some prominent men, together with the result of our State election, which exhibited to the traitors the weakness of their numbers, we have reason to believe has had the effect of crushing out one of the blackest plots which has yet been conceived We have good authority for saying that the evidence found is overwhelming, and that there is reason to believe that a plot was going on for the organization of a large force of secessionists in the State, to be armed at the proper time, and with the intention of rising against the State and national authorities, if a reverse should happen to our army at Washington. It was expected that the loyal people of the State could be taken by surprise, and in an unarmed and defenceless condition It is even asserted that the leading conspirators had gone so far as to designate the particular city where the first blow was to be struck The men enlisted in the organization were of course not few of them aware of the extent of the treason which was being concocted, but it was believed they would be ready for anything when the time arrived. The result of the election shows the leaders that a much greater majority of the people than they supposed are ready to sustain the government, both by their votes and their arms, and the timely arrests made and the discovery and seizure of important papers, has probably crushed the foul plot. But enough has been developed to show the necessity of a watchful and untiring vigilance on the part of the authorities and of the loyal people, and that preparations should be made to meet promptly any attempts at future demonstrations. If reverses come upon our arms, as is not impossible, and invasion of the loyal States is threatened, prompt measures must be taken to keep down domestic traitors, and we must have the means to do it Home guards are already established in many places, but they should be formed in every considerable town, and measures taken to have them well drilled and armed Prevention is far easier than cure.

An Irish girl being inquired of respecting her mistress, who had gone to a water-cure establishment, replied that her ladyship had 'gone to soak'

—OF BRASS. The Boston Saturday Evening Gazette remarks—"The sympathizers with the secessionists in Maine are called 'copper-heads.' The reason we suppose to be their *brazen effrontery*"

The same paper tells of a letter, written upon the war, and in full fellowship with the rebel cause, by Rev Dr Andrews, of Jefferson Co, Virginia to Bishop McIlvaine, of Ohio Among other indications of "the same meek let-us-alone spirit that fills the amiable Jefferson Whig," the writer says—"In our daily prayer meetings here for peace, which have continued for four months, we do not *presume to bring to the Throne of Grace any conditions of peace*"—which the editor thinks is certainly very reasonable on the part of the supplicants."

The Virginia divine is about as considerate, in his claims upon the Almighty, as a worthy Methodist brother in the Penobscot region is said to have been in one of his supplications—"O Lord, we would not presume to *dictate*, but we would venture humbly to *suggest*"

Caleb Cushing Sustains the War

The following is the principal portion of a speech delivered by Mr Cushing at Salisbury, Mass, on Tuesday last

And now we do not begin to comprehend the intense, profound and even sublime trial through which we are passing There is no man or woman who does not deplore civil war, but whatever may have been our antecedents, there is no uncertainty as to the duty of every citizen of the United States. We are in formal war—war declared by the insurgents—war declared and accepted by the loyal Government of the United States. In the eye of the law the duty which devolves upon the citizen is clear and unmistakable. It is to accept the Constitutional fact of the war I know it as well as any other man, and from the secession of the Southern States, I have abstained from sympathy, countenance and intercourse with them.

The second duty is an active duty In time of war each subject owes to the government (who has the right to demand it of him) his body, his wealth and his thoughts, his body to defend the government, his means to sustain the government his moral allegiance to support the government and the constitution I do not state these things more deeply than I feel them—Would to God that all would feel it their duty to support the administration in this hour of trial I opposed the President in the last election, and others of us did the same, honestly, openly, but from the part of us who would be supposed his political enemies comes no such vituperation against the administration as I have seen in some of the leading journals of the party which elected him I have been carried back by these malignant innuendoes of inefficiency and other grave faults, to the days of the administration of Mr Pierce. Now, much as I resisted the present administration as it was coming into power, I here declare, that whatsoever has been said of me, or thought of me to the contrary, I have from the 4th of March, 1861, sunk all opposition. And let me tell you on this 17th day of September that but one thing remains to the United States, and that is *to conquer victory*

In such a time as this to talk of political parties is not the thing Party now is but the dust in the balance, the foam on the wave, in comparison with Union and victory When peace shall again revisit us, then, and not till then, will I criticise When two hundred and fifty thousand of my fellow-citizens are in arms for the defence of the government and the country, I will not do it. We must have victory to ensure respect from the South, to dictate proper terms of peace, and to stand up in the face of the world friendly or opposed to have their profound regard I have been called disunionist, secessionist and traitor, but I believe I can truly say that no man in Massachusetts has lost more and sacrificed more than I have in friends, certainly in political power I speak of my party and for the moment the loss of country Are any so absurd, so malicious, as to suppose that I would have made these sacrifices for nothing? I forgive them I have for thirty years, from the time when I perceived the clouds of the coming storm gathering in the North, and above all in the South, done all that I could in more than one party to avoid it for my country

I will not undertake to foretell coming events, for I have had many accusations in this respect, but I will say one word on the military position This war must be pursued for twenty years, if need be to have victory

Much fault has been found with our officers and soldiers in regard to the battle before Manassas—that it ought not to have been fought—But that battle was a *necessity* If it had not been fought that week, Washington would now be in the power of the enemy If it had been delayed, the 75,000 three months volunteers would have been withdrawn In that battle New England showed herself true The 2d Rhode Island Regiment, the 2d New Hampshire and two Massachusetts regiments were in the thickest of that hot fight We have proved that we of New England had the true metal And it is the duty of New England still to show that we not only have brains to think, and mechanical ability to manufacture for the country but that we have brave hands and stout hearts to battle for our native land, and stand up for our rights as did our fathers of the revolution And let us now in this great temple of nature, by the music of this sounding Ocean, swear to be faithful to the Government of the United States, and to restore the Constitution of our country

Secret Expeditions.

The New York Commercial Advertiser of Tuesday evening makes the following pleasing announcement

There is no danger to be apprehended from the announcement at this time, that at least *one* expedition has sailed from Northern ports during the last few days, and is probably now on its way to the Southern coast It is known that a number of steamers have lately left this port, and that one or two regiments have mysteriously disappeared. We learn that the true object of Gen Butler's visit to New England was to superintend a similar embarkation, possibly from Boston, and which may also by this time be on the high seas to co-operate with that from this city.

The New York Evening Post, in chronicling the fact that nearly ten thousand soldiers have been dispatched from the city during the last four days, remarks that unusual reserve is manifested on the part of the military authorities in regard to the destination of these regiments.—The three which left so suddenly on Sunday evening—the Third Rhode Island, the Eighth Maine and the Third New Hampshire—are understood to have been at least a part of a coast expedition which has, for a considerable period been projected.

Gen. Wool, though a hard worker, commencing his labors with the rising sun, at which hour you may generally find him in the saddle, has not been known so vigorous or apparently so capable of undertaking the fatigues of an active campaign as now If the young gentlemen appointed on his staff keep up with him, they may take credit to themselves.

The Philadelphia Councils have passed a resolution recommending that citizens in the future close their places of business at 4 o'clock, to enable all capable of bearing arms to drill for the defence of that city.

THE SUMTER. The Philadelphia Inquirer has intelligence from Trinidad that while the privateer Sumter lay there a British steam sloop of war came into the harbor, whose captain asked the chief of the pirates what he was doing there, he replied, "he was waiting for the mail steamer to arrive" The Englishman answered, "I advise you not to be here after 6 o clock tonight," whereupon the Sumter immediately got up steam and burned off

MADAME CHARLOTTE VARIAN. This charming cantatrice has returned to Boston from a tour through the British Provinces, and is to appear at a series of parlor concerts, every evening at Chickering's Hall. The first one is to take place on Wednesday evening, September 26th

THE WAR DEPARTMENT deserves especial credit for the summary manner in which it disposed of secessionism among Maryland Legislators. Let there be no squeamishness about treating rebels with severity anywhere Such a course will prove to be the highest humanity While avoiding the savage mercilessness of the traitors, let the calm rigor of offended justice descend upon the heads of those arrayed against the government, until the power of the conspirators is entirely broken.

THE TREASURY NOTES AND LEAP YEAR. The treasury notes expire on the 19th day of August, 1864 The coupons are made payable every six months, therefore the fifth one is due February 19th, 1864. The last amount of interest is due and will be paid with the note at the first date mentioned The coupons specify the interest of each at $3,65 per $100, or two cents per day, but no allowance is made for February 29,1864, that year being leap year The holder of a one hundred dollar note loses two cents by this omission, which is to him a mere bagatelle, but on the one hundred and fifty millions of dollars borrowed, it makes a saving of thirty thousand dollars to the Government—enough to pay the principal of three hundred of these notes. "Great oaks from little acorns grow"

A recruit named Carter, in the Indiana Eleventh is six feet seven inches in height, and weighs two hundred and forty pounds. While lying flat on his back on the ground, he defies four ordinary muscled men to prevent him from rising to his feet. He is one of the most powerful men ever seen.

A friend says that when he heard the recent report of Jeff. Davis's death the first thought that came to his mind was what kind of reception he would meet with from Gen. Jackson.

ARREST AND DISCHARGE OF CAPT AMANDER RACKLIFF —*Oath Administered to the Company by Judge Davis* We learn that Capt Amander Rackliff, of the Freedom company, was arrested last week by the United States Marshal, but was afterwards discharged Judge Davis, who was spending a few weeks in this city, was called upon to go out to Freedom and administer the oath to the company, which he did, about one hundred appearing to take the oath We are glad that these misguided men have seen the evil of their course and are now ready to testify their loyalty to the government. We hope to hear that they will now proceed to raise a good loyal company for the tenth regiment, to enlist during the war In no way can they regain the confidence of the community in their loyalty so well That town has as yet furnished scarcely any recruits, it has the ability to furnish a good company —*Belfast Age*

THE CAVALRY REGIMENT So numerous are the applications for enlisting papers, that an allotment of the ten companies requisite for the regiment, is made among the 16 counties This regiment is raised by the authority of the Secretary of War, and at the expense of the U S Government, and is in a measure independent and separate from the State volunteer militia.—The instructions given to recruiting officers state that as the regiment is raised by the authority of the general government, no State bounty will be allowed at the time of enlistment, but when honorably discharged a bounty of $100 will be paid to each recruit Horses, equipments, uniforms and arms will be provided by the government. The horses will be purchased in the State, at a cost not to exceed $125 apiece. Recruits are to be paid from the date of their enlistment, and are to be forwarded to Augusta, where the regiment will rendezvous as fast as enlisted.—The Governor will appoint Field and Company officers without regard to previous selections, and the general government reserves the right to remove any officers who may be found incompetent.

From the Portland Evening Courier March 1861

HE THAT HATH EARS TO HEAR, LET HIM HEAR.—We cannot forbear calling the attention of those of our readers with diseases of the eye or ear to the remarkable success which that distinguished practitioner Dr Lighthill is achieving A month ago one of our compositors who had been suffering for a year with deafness was suddenly attacked with acute pains in the ear which rendered him almost totally unable to work So bad did the affliction finally become that he at last decided to throw up his situation and return home We advised him to try Dr Lighthill, and after considerable persuasion he did so In less than twelve hours he was freed from all pain, and has had no return of it up to this hour The case of hearing has gradually improved until now he is a most rid of the whole difficulty This case is only one of many similar instances within our knowledge

WASHINGTON, 19th

The Navy Department has accepted the propositions from C S Bushnell & Co, New Haven, and Merrick & Sons, Philadelphia, and J Ericsson, New York, for the construction of iron clad vessels.

Within a few days the Navy Department has made some changes in the officers of the squadron

Capt Wm W McKeon of the Niagara, has been appointed Flag Officer in the Gulf in place of Capt. Mervine

Flag Officer Stringham having asked to be relieved from the command of the Atlantic squadron, Capt D M Goldsborough has been appointed to succeed him

The squadron has been divided, and Capt Goldsborough assumes command of the Northern division, embracing the coasts of Virginia and North Carolina

Capt S F Dupont has been appointed flag officer of the Southern Atlantic squadron, embracing the coasts of South Carolina, Georgia and Florida

The new flag officers being junior to some of the Captains now on duty, other changes are rendered necessary Commander Missroon has been ordered to the Savannah, vice Capt Hull, detached Capt Weston has been detached from the Cumberland, and ordered to the steam frigate Roanoke, vice Capt Nicholson, detached Chauncey has been detached from the Susquehanna, and Capt Lardner appointed to that ship

Commander Chas H Davis has been detached from special duty at the Navy Department, and appointed Captain of the fleet of the Southern Atlantic squadron

Commander Percival Drayton has been ordered to special duty in the Southern Atlantic squadron

Lieut C R P Rogers has been ordered to the steam frigate Wabash, the flag ship of the South ern Atlantic squadron

Commander J W Livingston has been ordered to the Cumberland, vice Capt Marston transferred

Commander W Smith has been ordered to the frigate Congress

Commander Pendergrast has been appointed commandant at the Philadelphia navy yard, Commander A S Baldwin to the receiving ship at Boston, Commander J M Frailey to the Philadelphia rendezvous Commander Thomas Turner has been detached from the Philadelphia rendezvous, and ordered to the Philadelphia navy yard

Applications for positions as volunteer lieutenants, sailing masters and masters' mates, should state the ages, and be accompanied by certificates from the last of the vessel, and from several underwriters of the ports where the applicants have severally sailed None others will be considered at the Navy Department

An order has been issued from the War Department today, that the Military Department of Ohio will in future consist of the State of that name, Indiana, and so much of Kentucky as lies within 10 miles of Cincinnati, under the command of Brigadier General Mitchell of the United States volunteers—headquarters at Cincinnati

So much of Virginia as lies west of the Blue Ridge Mountains will constitute, in future, a separate command, to be called the Department of Western Virginia, under Brigadier General Rosecrans—headquarters in the field

The War Department has issued an order to carry into effect the law of Congress, by which officers may assign portions of their pay for the benefit of their families, the assignment to be entered upon a separate roll according to a prescribed form, under the supervision of their immediate commanders, at the time of enlistment The roll is to be transmitted to the Paymaster General, who will make the deductions on each pay roll, and the Paymaster of the regiment will transmit the money for distribution to those in whose favor the assignment is executed

The attention of the officers of the regular army is again directed to that section of the Act of Congress, which provides that in all cases of enlistment in the military service, the prescribed oath may be administered by any commissioned officer of the army Fees to civil officers for such service will not, therefore, be admitted

Another army order is as follows

Volunteer officers sent out to recruit their regiments will be granted free passes over the roads leading to and from the points to which they are ordered, Should the route be over roads for which such passes are not granted, they will be paid their actual travelling expenses out of the fund for the recruiting and equipping of volunteers, but in no case will they receive the ten cents per mile allowed of the transportation of baggage There are instances in which free passes have been used, and this amount drawn for the same distance In all such cases, the officers are required to refund the amount drawn, under penalty of being stricken from the rolls

The following appointments were made today for Assistant Adjutant Generals of Volunteers Captain Charles Kingsbury, for General R. Reynold's brigade, Capt. E Sparrow, for General Franklin's brigade, Frederic D Sewell, for General Howard's brigade, Capt. Edward C Baird, for General Meade's brigade, Capt. Henry W Smith, for General Carey's brigade, Capt. John A Howard, Aide de Camp to Gen Fremont

Charles A Allycox, Military Store Keeper of the Quartermaster's department has been transferred from the Ordnance department.

WASHINGTON, 19th

Yesterday afternoon, Lieut Dunno of a Virginia regiment, captured at Bull Run, and since confined in a military prison on Capitol Hill, escaped, those responsible for his safety not knowing how

Blenker's brigade was reviewed by Major General McClellan today, attended by his staff in full uniform He was escorted thither by McClellan's dragoons and a company of the 4th cavalry The weather was beautiful, and the military display in the highest degree creditable McClellan was cheered as he passed the encampments Among the spectators were Generals McDowell and Smith, Secretary Seward, Prince de Joinville and son, Lecomte de Paris, Duc de Chartres, and others The distinguished visitors returned to Washington at an early hour, but McClellan, with escort, proceeded to the headquarters of Gen Franklin, and recrossed the river at night

On Wednesday night the rebels burnt a dwelling house belonging to Mr Edsell, 7 miles from Alexandria

Wm Sapes, editor of the Harrisburg Sentinel, is authorized to raise a regiment of cavalry

The proprietors of a fashionable drinking saloon have been fined $250, for selling liquor to soldiers The defendants contended that they had not violated the law of Congress, as the liquor was purchased by a Colonel of a Massachusetts reg ment Justice Down ruled that an officer must necessarily be a soldier

The new schedule takes effect Monday, by which connection at Baltimore with western trains for Washington will always be made without delay

There are a number of bogus Captains and Lieutenants here, wearing uniforms Prooably their career will be short

It is generally believed that Government, the last two days, has had under consideration the subject of Fremont's administration of affairs in Missouri Whatever may be the merits of the questions involved, they have no reference to his proclamation the differences concerning which were disposed of by the President a recently published letter

ST LOUIS, 19th

The 39th Ohio regiment, Col Groesbeck, 3d Iowa, Lieut Col Scott, 16th Illinois, Colonel Smith, with a force of the Missouri State militia and Iowa State troops, under Colonels Cranow and Edwards, 300 regulars and irregular cavalry, and six pieces of artillery under Capt Madison, left St. Josephs and Chillicothe in two columns, Sunday, and were expected to march to Lexington yesterday to reinforce Col Mulligan

The reason why Gen Pope did not surprise on the route, and capture, Martin Green's band of rebels, on Sunday night, is explained as follows General Pope was at Hunnewell, Saturday, with 3000 men, and knowing that Green was encamped in the neighborhood of Florida, he determined to make a night march, and surprise him But learning that the latter had 3500 men, he sent an engine at noon to Shelbina, eight miles west, with orders to General Hurlburt to send him immediately 500 men to reinforce him, his force being too small to attack so superior a number But in consequence of gross misman agement on the part of Gen Hurlburt, the troops from Shelbina, which should ha e reached Hunnewell at 4 o clock, did not arrive until 11 P M, when it was too late to start on the expedition that night

Another attack was planned for the next night, however, and Gen Pope marched his 1400 men twenty four miles over an almost roadless country, and reached Green a camp early on Monday morning, to find it deserted, Green having been apprised of Gen Pope s design, and fled, and his men being mounted, they could not be overtaken by infantry Gen Pope had no cavalry

There are now no armed bands of rebels in the counties north of the Hannibal and St Joseph railroad, and but few between it and the Missouri river

About 500 home guards were in the southern part of the State, and it is understood that Gen Pope has effected an arrangement for a thorough organization of the Union men of that region, who are abundantly able and willing to preserve the peace, if arms are furnished them, which it is said will be done

It is confidently believed that no more lawlessness will be heard of in a month in Missouri

In addition to putting General Hurlburt and Colonel Williams under arrest for drunkenness, General Pope has ordered the arrest of Lieut. Col Birge for mutinous conduct at Shelbina, in threatening to withdraw his command if Col Williams persisted in fighting when attacked at that place by Martin Green

In a letter to the Republican this morning, in reply to charges by the Democrat, Col Blair states that he never asked the favor of a contract or appointment from Gen Fremont which was not granted Their difficulties are not of a private nature, but relate to charges against Gen Fremont, for his conduct of the campaign

CAIRO, 19th.

It is reported that 19,000 rebels have taken possession of Mayfield, Ky, and are fortifying that place

Jeff Thompson's force of 2300 have moved to New Madrid.

There was a skirmish last night near Columbus, between Col Ross's pickets and some rebel scouts No Federal troops were injured.

NEW LONDON, Ct., 19th.

The great Pickluess Union Meeting took place this afternoon, and resulted in the congregation of the largest number of persons that ever assembled in New London. The occasion was a glorious one—a decided and brilliant success.—Ten thousand people attended.

About two o'clock, on the arrival of Governor Buckingham, a procession was formed in front of the City Hotel, under an escort of about 500 men from the 4th regiment of U S Infantry, Major Giddings commanding, and proceeded to the immense steamboat and railroad depot.

Capt. Francis Allyn, Chairman of the Committee of Arrangements, called the meeting to order, making an appropriate and eloquent speech

Gov Buckingham presided, and addressed the meeting

Hon Daniel S Dickinson made one of the best speeches of his life

The meeting was addressed by other prominent gentlemen

FRANKFORT, Ky, 19th

In the Senate resolutions were passed placing the arms and ammunition of the State under control of the commander of the Federal forces in Kentucky

The House passed the Senate bill to enlarge powers of the Military Board

CINCINNATI, 19th

An Illinois regiment arrived this morning and left for Camp Dennison

The funeral of the soldiers took place today After services at the Arsenal by the Chaplain of the unfortunate regiment, the coffins, 28 in number, were placed on hearses and cars draped in mourning, and were escorted through the principal streets by a battalion consisting of detachments from the Illinois 24th and 19th, the Home Guard, and the Cincinnati Rifle Regiment The coffins are now in vaults, subject to orders from Indianapolis The wounded will probably recover

TRENTON, N J, 19th

The 7th New Jersey regiment left for Washington today

Frazer, who was charged with enlisting men for the rebel army, was discharged to day

CHICAGO, 19th

The subscription to the National Loan today, amounted to $113,000, of which Solomon Sturgis, who armed and equipped the McClellan Body Guard, took one hundred thousand

LOUISVILLE, 19th

The publication of the Courier was suspended on account of its seizure by the Government — Efforts are making to resume its publication on a different basis

The departure of steamboats down the river is interdicted, unless a government officer accompanies them.

The report of the burning of the bridges over the Louisville and Nashville Railroad is denied There have been no trains from the South to day

There has been no telegraphic communication South of here for 3 days

There are all sorts of rumors concerning the movements along the line of the road Nothing is accurately known

No organized Tennesseans are known to have entered Kentucky along the line of the road

Gov Morton of Indiana, has been here in consultation with Gen Anderson today, and left for home tonight

Cannon and other arms were received here tonight from the State arsenal

JEFFERSON CITY, 19th

We have no definite intelligence from Lexington today

Despatches were received here this afternoon from Booneville, saying that Lexington had been taken on Tuesday

Two gentlemen who arrived here late this evening, having left Booneville this morning, entirely discredit the report.

There were 4500 Federal troops at Booneville, beside the Home Guards

CLOTHING.

GENTLEMEN

Having noticed for years the fortunes of Tailors during a credit business, and having myself proved that system to be utterly wrong for the Retail Tailoring business, I feel compelled to adopt the CASH SYSTEM It is better for the customer who expects to pay for his garments, as the amount lost by bad debts, under the credit system, is divided between the patrons and the patronized, as the former receive it by paying as much as 20 per cent. less for their garments, and the latter is saved from bookraping Consequently I would invite all Cash paying customers to examine the Stock of Goods now on hand, and see if the prices are not 20 per cent less than at any other Clothing House in the city The Cutting Department is under the charge of

Mr. J. H. LARKIN,

favorably known in New York and Boston as one of the Best Artists in the Art of Cutting.

DR. LIGHTHILL,

Surgeon to the Medico-Surgical Institute for the Treatment of Deafness, Catarrh and Diseases of the Eye

NO 34, ST MARK'S PLACE NEW YORK

Will be at the *BANGOR HOUSE, Bangor Maine,* FOR ONE MONTH, from sept 17 where he can be consulted by all those afflicted with

DEAFNESS, CATARRH,
—AND—
DISEASES OF THE EYE

Noises in the Head,
Discharges from the Ear, Earache,
Catarrh in its various forms,
and all the various Diseases of the Eye
Successfully Treated
Operations for Cross Eyes,
Cataract, Artificial Pupils
Fistula, Lachrymalis, &c,
performed to the entire
satisfaction of the patient

FOR the last ten years DRS LIGHTHILL have paid exclusive attention to the treatment of Diseases of the Ear Nose and Throat. They have practiced in some of the largest cities in the Union, and in order to centralize the business and accommodate their patients they have permanently located in New York where one of the members of the firm will be constantly present to attend to their practice For evidence of their success in the treatment of the diseases of the above mentioned Organs the reader is referred to the annexed notices of the press selected and discriminate ly from a large number in their possession

[From the New York Express]

SCIENCE SUCCESSFUL —The successes to which science in the hearing art is ingeniously and boldly pushed, are never more surprising than when they result in giving perfection and fit to those one that previously had been apparently imperfect and incapable of healthful animation It is pleasureable to record such triumphs Dr Lighthill of No 34 St Mark's Place, has recently again attained such an end in a case of ocular treatment He operated upon Mr Wm F Haidor a young gentleman residing at South Kingstown R I who had been blind from birth The operation was perfectly successful and the young man has ever since rejoiced in the sight which had been so long and so strangely obscured

[From the Daily Spy Worcester Oct 4, 60]

We are also in receipt of fresh evidences of Dr Lighthill's skill as an oculist and aurist, and now we have to record two more of his operations, to life as plainly as possible to his professional ability On Friday last, Dr L operated upon Horace Warner of West Boylston Mr W had been deaf in the left ear for 17 years and was in a comparatively short space of time restored to perfect hearing On Saturday Mr Cyrus Chase of Williamsville aged 77 years submitted to an operation and was likewise restored Mr C had been afflicted for 7 years having suffered much from noises in his head but now is quite recovered and almost beside himself with the success of the operation

We are well aware that others than Dr L have had to contend against Pretenders have humbugged to a much extent recently on ears and begin to be doubtful even in our own senses Dr L has rested upon his SKILL as a surgical physician and operations to speak for themselves He has gained an enviable position and now stands at the head of his profession

[From the Springfield Republican, Sept 7 1861]

Dr Lighthill operated yesterday successful upon the ears of two deaf gentlemen from Monson in this county—Mr Harris Lewis Porter 63 years of age father of Mr D F Porter who has been cured of deafness by Dr Lighthill in a week The other gentleman to try the doctor's skill He has been afflicted from a period of 30 years Both Messrs Porter, become comedians Dr Lighthill believes the difficulty to be lack of energy and had but little fear that they could be relieved Everybody can imagine that their disappointment was happily one The other subject on whom he operated for deafness is Mr A neil Chaffee of Monson Mr Chaffee has been greatly benefitted.

[From the Syracuse Courier Nov 30 1859]

REMARKABLE CURE OF DEAFNESS —Herman Phelps, an old resident of this city, was recently operated upon by Dr Lighthill and is now rejoicing at the restoration to the full enjoyment of hearing and has been deaf for upwards of 25 years Dr L resides at No 46 Washington street and relates to us with joyfulness the above fact and, in truth his own words, feels just like a colt Dr Lighthill is a German Physician and Surgeon, is highly educated and brings remarkable testimonials of successful treatment of the eye and organ of hearing For his successful operation on Mr Phelps he received the handsome sum of $100 a great pleasure in passing him at all

[From the Hartford Daily Post June 8 1860]

Dr Lighthill recently spent days at Mrs Bridget Byrnes No 6 Church street for Strabismus or Cross Eyes making both eyes straight in less than five minutes with scarcely any pain Those who wish to satisfy themselves of the result of this operation can call on the lady and see the result for themselves The doctor can make an short operation for Fistula Lachrymalis or ulceration of the tear canal upon Mrs Lucy A Hayes of New London which consists in the insertion of a silver tube in the centre of the eye, communicating with the nostrils thus relieving the tumor and causing the discharge to flow in its natural course The doctor's patients are all doing well and seem much gratified at the prospect of being relieved

To the Editor of the Utica Morning Herald

A proof and sense of gratitude to a most benefactor and the simple desire to benefit the similarly afflicted impels me to state the following Upwards of six years I have suffered more or less inconvenience and pain from a disease of the Symphanum of which was ulcerated and discharged somewhat freely at times Home remedies put me upon various kinds and the like were faithfully tried but all ineffectually Three years ago I went to the Massachusetts Eye and Ear Infirmary and after a few weeks treatment from Dr Lighthill and assistants I was entirely relieved and restored to health and strength which was much impaired has also improved and I feel like a new man

Note.—The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state, and assimilate at once with the blood. This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation. For this reason the PERUVIAN SYRUP often radically CURES diseases in which other preparations of Iron and other medicines have been found to be of no avail.

Certificate of A. A. HAYES, M. D., of Boston.

It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the PERUVIAN SYRUP this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

ATWOOD'S
Quinine Tonic
BITTERS,

Best Aromatic Tonic ever offered to the Public

Recommended by the Faculty

For its Superior Medicinal Qualities!

THIS elegant Compound which has secured the confidence and endorsement of most of the leading Physicians of New England is a palatable and efficient form of *Quinine* containing all the peculiar virtues of PERUVIAN BARK carefully combined with various *tonics* and *stomachics* and cannot fail to meet the wants of the debilitated.

It is a mild tonic to the stomach increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases and in fever and ague or kindred complaints its aid is invaluable.

For diarrhoea, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best physicians in Boston has said "*that it is the very best preparation of Bitters that has ever been offered to the public.*"

Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circular.

AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it as you advise in small doses of a teaspoonful over a month and used almost three bottles. New and healthy skin soon began to form under the scab which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours

ALFRED B. TALLEY

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhoea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing of New York City writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhoea by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS 25th August 1859.

DR. J. C. AYER. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER. Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell of St. Louis writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me, and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects — some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

MRS. WILSON'S
HAIR REGENERATOR.

The Regenerator is put up in two sizes, and retails for 50 cents for pint bottles, and $1 for quart bottles. The quart bottles are much the cheapest.

Who wants a Good Head of Hair? Use Mrs Wilson's Hair Regenerator, and Hair Dressing.

Please read a few certificates from the following reliable and well known people.

Messrs. HENRY P. WILSON & Co.—My wife is now using your Regenerator for the hair and pronounces it far superior to anything she ever used for the hair. It is easily applied, does not stain the least—is no disagreeable odor, increases the growth of hair, prevents it falling off and often cures the headache. I forward you this certificate unsolicited because I think an article that will do what your Hair Regenerator will, should be widely known. I think it the best article for the hair now in use. *Respectfully, &c.,*
REV. JACOB STEVENS, Newburyport, Ms.

"*I like the Hair Regenerator and Dressing very much.*" REV. GEO. W. WOODING, Hartford, Ct.

"*I unhesitatingly pronounce it an invaluable article from the effect on my own head.*"

It rendered my hair soft and glossy.
MINOT EAMES, Saratoga Springs, N. Y.

"*I feel confident that it operates NOT as a dye, but to restore the roots to their natural healthy state.*"
REV. S. M. KELLOG, Nashua, N. H.

"*I most cheerfully recommend it to all persons.*"
REV. C. RUSSELL, Littleton, N. H.

November.

Messrs. HENRY P. WILSON & Co.—I have no hesitancy in saying in my opinion Mrs. Wilson's Hair Regenerator and Hair Dressing are the best hair preparations now in use. I shall continue to use them with pleasure.
REV. H. H. HARTWELL, Lawrence, Mass.

November

Messrs. HENRY P. WILSON & Co.—I have used your Hair Regenerator and Hair Dressing and have received great benefit from them. I deem the articles worthy of high commendation and cheerfully recommend them to all who want to bring hair to its original color, or any who are troubled with dandruff or a disease of the skin of the head or to those whose hair is falling off.
REV. G. W. H. CLARK, Great Falls, N. H.

Messrs. HENRY P. WILSON & Co.—I deem Mrs. Wilson's Hair Regenerator and Hair Dressing the standard articles of their kind. I have in many instances known them to restore the hair where it had fallen off; restore dandruff, restore the hair to its original color, entirely, and in one instance some time to turn it finally. I have been a sharer in several of these benefits.
REV. HENRY HILL, Manchester, N. H.

MRS. WILSON'S
COCOA-NUT OIL
HAIR DRESSING.

Mrs. Wilson's Hair Dressing is put up in large bottles and retails for 37 cts per bottle, and for dressing the hair of any person young or old there is not its equal in the world. It will make the hair everything you wish it to be, and moreover, it has a perfume that is infinitely superior to any of the fashionable extracts, either foreign or American, which alone will entitle it to a place on every lady's toilet table.

Use the Regenerator before retiring at night, and in the morning apply a little of the Dressing and your hair will be even more lifelike in color and beauty.

Use nothing in your hair but these preparations and use these according to directions, and we warrant you a good healthy head of hair.

GARDINER'S
Rheumatic and Neuralgia
COMPOUND!

A certain safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

"Gardiner's Rheumatic & Neuralgia Compound is the best medicine for the disease I ever saw."
CHAS. A. SMITH, No. 1 Old State House, Boston.

After suffering with Rheumatism twenty years and being confined to my bed seven weeks last spring, I was entirely cured by the use of one bottle of Gardiner's Rheumatic & Neuralgia Compound.
NORMAN T. AYRES, 75 Franklin st., Boston.

Having been a constant sufferer from Neuralgia for eighteen months and been driven by excruciating pain to the trial of numberless remedies without obtaining relief I was induced to try Gardiner's Rheumatic and Neuralgia Compound. I have taken but one bottle and am entirely well.—D. D. BAXTER, Dry Goods Dealer, No. [illegible] Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time and suffered more than can be imagined except by those similarly afflicted. I tried one bottle of your Compound and can honestly say that I believe myself entirely cured. JOHN A. MOSES, 20 Pearl street House, Boston, Mass.

"Gardiner's Rheumatic & Neuralgia Compound has entirely cured me of sufferings of several years standing. W. F. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores and in constant pain, one bottle of your Compound cured him. J. W. HAMMOND, 90 Milk st., Boston.

Gardiner's Rheumatic & Neuralgia Compound has entirely cured me of Neuralgia. WM. THOMPSON, Proprietor Pearl St. House, Boston, Mass.

One half a bottle of your Compound cured me of a severe attack of Neuralgia. FANNIE S. THOMPSON, Pearl st. House, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound" at a time when I was suffering with a painful attack of Neuralgia and Rheumatism and that it proved to be of the greatest benefit. ALBERT SMITH, Ex-Member of Congress from Maine.

The undersigned hereby certify that they have used "Gardiner's Rheumatic and Neuralgia Compound" for the cure of Rheumatism and Neuralgia and found it every case immediate and permanent relief. We have full confidence in its healing qualities and would recommend it to all who are afflicted with these harassing diseases as one of the safest and best medicines ever offered to the public.

DR. SWEET'S
Infallible Liniment!
—THE—
Great External Remedy

For Rheumatism, Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Piles, Headache, and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public, of which the most skeptical may be convinced by a single trial.

This Liniment will cure rapidly and radically RHEUMATIC DISORDERS of every kind and in thousands of cases where it has been used, it has never been known to fail.

For NEURALGIA, it will afford immediate relief in every case however distressing.

It will relieve the worst cases of HEADACHE in three minutes and is warranted to do it.

TOOTHACHE also will it cure instantly.

For NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess this Liniment is a most happy and unfailing remedy.—Acting directly upon the nervous tissues it strengthens and revivifies the system and restores it to elasticity and vigor.

FOR PILES.—As an external remedy we claim that it is the *best* known and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical cure*.

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS yield readily to the wonderful healing properties of *DR. SWEET'S INFALLIBLE LINIMENT*, when used according to directions. Also CHILBLAINS, FROSTED FEET, and INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition, observe the signature and likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.

PROF. WOOD'S
HAIR RESTORATIVE
AND
BLOOD RENOVATOR,

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilirating and strengthening to the vital powers.—It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic and yet so perfectly adapted as to act in perfect accordance with the laws of nature and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilirating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those combined having powerful tonic and soothing properties and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and also by all who have suffered by debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease and lays the unguarded system open to the attacks of many of the most dangerous diseases to which poor humanity is constantly liable. Such for example as the following: Consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, neuralgia, palpitation of the heart, melancholy, hypocondria, night sweats, languor, giddiness and all that class of cases so fearfully fatal if unattended to in time, called *female weaknesses and irregularities*. Also liver derangements or torpidity and liver complaints, diseases of the kidneys, scalding or incontinence of the urine, or any general derangement of the urinary organs, pain in the back, side and between the shoulders, predisposition to slight colds, hacking and continued cough, emaciation, difficulty of breathing, and indeed we might enumerate many more still, but we have space only to say it will not only cure the debility following chills and fever but prevent all attacks arising from Miasmatic influences and cure the diseases at once if already attacked. And as it acts directly and persistently upon the biliary system arousing the liver to action promoting, in fact all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant and efficient remedy against those ills which rob them of their beauty; for beauty cannot exist without health and health cannot exist while the above irregularities continue. Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety. *There is no mistake about it, this cordial is all we claim for it. Mothers, try it.* And to you we appeal to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should always be on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves and

Relief and Health to your Infants.

We have put up and sold this article for over ten years and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter WHAT WE DO KNOW, after ten years experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS CASES.

It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, and Wind Colic

and overcome convulsions, which if not speedily remedied end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD in all cases of DYSENTERY and DIARRHOEA IN CHILDREN, whether it arises from teething or any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices or the prejudices of others* stand between you and your suffering child and the relief that will be SURE—yes ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac simile of CURTIS & PERKINS, New York, is on the outside wrapper.
